

Schools Toolkit

#TEWeek19

Tomorrow's Engineers Week aims to change perceptions of engineering among young people, their parents and teachers and to inspire future engineers.

The campaign shows how engineers working in all sectors are on a mission to make the world a better place.

We know schools are instrumental in helping shape young people's futures so at the heart of Tomorrow's Engineers Week will be a "Big Assembly" where around 50,000 young people are expected to take part in the same school assembly at the same time. The Big Assembly will feature inspirational engineers on a mission to improve people's health and save the environment.

To find out more visit www.tomorrowsengineers.org.uk/teweek or for any more information email teweek@engineeringuk.com.

Tomorrow's Engineers Week Big Assembly

The Tomorrow's Engineers Week Big Assembly takes place at 10:30am for 30 minutes on Wednesday 6 November, with the on-demand version ready 24 hours later.

We look forward to even more students being part of Tomorrow's Engineers Week Big Assembly in 2019. You will be able to hear first hand from inspiring engineers who are on a mission to make the world a better place.

The Assembly will be in panel discussion format with host Fayon Dixon asking a series of engineers questions and experts on careers will be on hand to answer any questions about how to become an engineer. The Assembly will also feature short inspiring films.

Students will be able to ask questions live through the chat facility and a lesson plan will help you integrate the Assembly into the school day.

For more information and to register visit www.bigassembly.org/register-tew

New for this year

Lesson Plans

We have produced lesson plans to help you integrate the Big Assembly into your school day. These can be downloaded from www.tomorrowsengineers.org.uk

The lesson plans include the suggestion to invite a local engineer into the school and speak to your students on the same day as the Tomorrow's Engineers Week Big Assembly.

The Big Assembly is sponsored by:
